BIANEW Minutes – Oct 4, 2012
Kohler Tour

1. The President called the meeting to order 12:35 p.m. after the morning tour of the Kohler plant.
2. Member introductions.
3. September 6th minutes- motion made to approve with no changes. Motion was seconded and passed.
4. ICC convention discussion started. ICC was looking for a by-in or money for the pins, after a short discussion a motion was made not to pay for the bucky badger pins, the motion was seconded and passed.
5. A discussion started on the meeting location for the December 7th meeting location. Two locations were discussed (townline or woods golf course). The prices were very close to the same but Townline was slightly higher. A motion was made to hold the annual meeting at the Woods Golf Course, the motion was seconded and passed. Drink ticket discussion started but ended shortly thereafter because there was no need for drink tickets as voted on previously we will buy our own alcoholic drinks and soft drinks are included.
6. On the 26th of September the 4 associations met with the State about winter training. The State started with two options on the table.... To make a long story short the four associations discussed without the state in the room that they wanted uniformity for all locations. Many discussions continued with our group on this topic. It was discussed that at the training events we should make a point to make contractors aware of the training and invite them so our association will come out better as it will be a flat fee, and the more we have attending the more reasonable it will be. Dates for training was discussed, Monday Feb the 25th will be commercial electrical, the 26th udc elec, 27th udc construction, 28th commercial construction. A motion was made to leave our winter update training fees the same as last year along with the \$10 discount for BIANEW members. The motion was seconded and passed.
